

KIDS BIG FUN DAY OUT

Once again the Club's major children's activity Kids Big Fun Day Out attracted hundreds of eager, excited special needs children to Parramatta RSL on the 3rd June 2007 for a jam packed fun filled morning of entertainment.

Primed by a jumbo show bag containing chips, lollies, fruit juice and more lollies plus toys and a small beanie bear, the kids waited in anticipation for the show to commence.

First up were the Beanie Kids with the Beanie Master, singing, dancing and joking with the audience. Then our old favorite Marty & Emu had the kids laughing at their antics. Then Jade showed the kids exactly how far you can bend, flatten and otherwise stretch the human body into all

forms of unnatural postures and positions. Oh to be half that flexible!!!! Then the highlight of the day, the Master of Magic, and fellow Lion Brendan Colucci performed amazing feats of illusion and magic leaving many kids and a lot of parents wonder 'how did he do that.??'"

To top off the day most kids got another show bag to take home and many had their photos taken with the cast, to keep as a lasting memory of such a wonderful and unique day.

Thank you to all Lions, partners and family who helped set up for the day. It went off without a hitch and certainly put an enduring smile on the faces of many local children who would normally not have the opportunity to see such a quality live variety performance.

A job well done~!!!

Cheers,

Lion Eric Rode
